

Health Observatory Report 2013

List of Core Indicators

HEALTH AND POPULATION NEEDS

Population

1. Population structure
2. Ageing index and age dependency ratio
3. Total fertility rate
4. Population ageing
5. Population over 100 years

Survival and mortality

6. Contributions of mortality change by age group

Tobacco use

7. Prevalence of smokers

Alcohol consumption

8. Prevalence of alcohol consumption

Food consumption

9. Percentage distribution of population by type of food consumption

Overweight and obesity

10. Prevalence of overweight and obesity
11. Obesity in minors

Physical activity

12. Prevalence of physical activity

Screening Programmes

13. Breast cancer screening
14. Cervix uterus cancer screening

15. Colorectal cancer screening

Accidents

16. Road accidents and mortality rate

17. Labor accidents and mortality rate

18. Domestic accidents

Natural environment

19. Production of garbage

20. Management of garbage

21. Separate collection of garbage

Cardiovascular diseases

22. Hospitalization discharge rate

23. Ischemic heart diseases mortality

Metabolic diseases

24. Hospital discharge rate

25. Hospital discharge rate for short term complications

Infectious diseases

26. HIV and AIDS

Disability

27. People with disabilities living in a family

28. People with disabilities living in a family with chronic diseases

29. People with disabilities living alone

30. Beneficiaries of a disability pension

31. People with disabilities living in with a material deprivation

32. People with disabilities whose income is below the national median

Mental health and addictions

33. Hospital discharge rate for psychic disorders

- 34. Antidepressant and antipsychotic consumption
- 35. Suicides

Maternal and infant health

- 36. Caesarean section
- 37. Medically assisted procreation
- 38. Spontaneous abortion rate
- 39. Voluntary abortion rate

Immigrants' health

- 40. Health perception
- 41. Physical, mental and psychological well-being
- 42. A&E admissions
- 43. Family Counseling Centers
- 44. Language barriers to the health services access
- 45. Organizational barriers to the health services access
- 46. Bureaucracy barriers to the health services access

REGIONAL HEALTH SYSTEMS AND QUALITY SERVICES

Economic and financial system

- 47. Public health care expenditure of GDP

Institutional and organizational system

- 48. Personnel age structure (NHS)
- 49. Turnover (NHS)
- 50. Personnel expenditure (NHS)
- 51. Web 2.0 and health

Territorial care

- 52. Home health care
- 53. Long-term care services and beds (older people and people with disabilities)

- 54. Potentially avoidable hospitalization rate for asthma in minors
- 55. Potentially avoidable hospitalization rate for gastroenteritis in minors

Pharmaceutical health care

- 56. Medicines consumption covered by the NHS
- 57. Pharmaceutical expenditure per capita covered by NHS
- 58. Pharmaceutical expenditure per ticket and copayment
- 59. Territorial consumption of antibiotics covered by the NHS

Hospital health care

- 60. Hospital discharge rate
- 61. Case mix index and performance index
- 62. Mobility
- 63. Potentially inappropriate one-day stay admissions for medical DRGs
- 64. Discharge of medical DRGs from surgical wards
- 65. Hospital discharge rate for pathologies with an high social impact
- 66. Percentage of hip replacement operations within 2 days from admission to hospital

Organ transplants

- 67. Donors rate and procurement
- 68. Percentage of oppositions to donation
- 69. Performed transplants
- 70. Percentage of transplants performed inside and outside the region of residence
- 71. Heart transplant
- 72. Liver transplant
- 73. Kidney transplant
- 74. Medulla ossium transplant
