

Healthcare Observatory Report 2014

List of Core Indicators

HEALTH AND POPULATION NEEDS

Population

1. Population structure
2. Population ageing
3. Population dynamics
4. Fertility of the population
5. Population over 100 years

Survival and mortality by cause of death

6. Levels and survival dynamics (Life expectancy)
7. Infant and child mortality rate

Risk factors, lifestyles and prevention

8. Prevalence of smokers
9. Prevalence of alcohol consumption
10. Prevalence of overweight and obesity
11. Overweight and obesity in children 6-17 years old
12. Prevalence of physical activity
13. Infant vaccination coverage of children under 24 months of age
14. Flu vaccination coverage
15. Breast cancer, Cervix uterus cancer and Colorectal cancer screening.

Accidents

16. Road accidents and mortality rate
17. Accidents at work and mortality rate
18. Domestic accidents

Natural environment

19. Production, management and separate collection of garbage
20. Special garbage

21. Garbage containing asbestos
22. Fine particulate matter (PM₁₀ and PM_{2,5})

Cardiovascular and cerebrovascular diseases

23. Hospitalization for Cardiovascular and cerebrovascular acute diseases
24. Ischemic heart diseases mortality

Metabolic diseases

25. Hospital discharge rate of patients with diabetes mellitus
26. Mortality rate due to diabetes mellitus
27. Hospital discharge rate for amputation of diabetic foot
28. Hospital discharge rate for short term complications of diabetes mellitus

Infectious diseases

29. incidence rate of measles, parotitis, rubella, varicella

Disability

30. People with disabilities living in a family
31. People with disabilities living in a family, according to kind of disability
32. Health status perception among people with disabilities living in a family
33. People with disabilities living in a family, according to number of chronic conditions
34. Use of health care services among people with disabilities living in a family, according to the type of service
35. People with disabilities living in a family, quitting needed medical examination

Mental health and addictions

36. Hospital discharge rate for Parkinson and Alzheimer
37. Antidepressant consumption
38. Suicides

Maternal and infant health

39. Childbirth in birth centers
40. Caesarean section childbirth
41. Neonatal Intensive Care Units in birth centers

- 42. Medically assisted procreation
- 43. Spontaneous abortion rate
- 44. Voluntary abortion rate

Immigrants' health

- 45. Foreign population
- 46. Percentage of newborns
- 47. Hospital discharges
- 48. Voluntary abortion rate
- 49. Prevalence of smokers
- 50. Prevalence of overweight and obesity
- 51. Prevalence of alcohol consumption
- 52. AIDS and HIV infection
- 53. Tuberculosis
- 54. Acute Hepatitis
- 55. Mortality rate by cause of death

REGIONAL HEALTH SYSTEMS AND QUALITY SERVICES

Economic and financial system

- 56. Public health care expenditure of GDP
- 57. Public health care expenditure per capita
- 58. Public health care deficit per capita
- 59. Public and private health care expenditure at constant prices

Institutional and organizational system

- 60. Personnel age structure (NHS)
- 61. Turnover (NHS)
- 62. Personnel expenditure (NHS)
- 63. General practitioners, pediatrics and continuity of care doctor rate
- 64. Web 2.0 and health

Territorial care

- 65. Home health care
- 66. Long-term care beds (older people and people with disabilities)
- 67. Long-term care patients (older people and people with disabilities)
- 68. Potentially avoidable hospitalization rate for long term complications of diabetes mellitus
- 69. Potentially avoidable hospitalization rate for COPD
- 70. Potentially avoidable hospitalization rate for heart failure
- 71. Potentially avoidable hospitalization rate for asthma in minors
- 72. Potentially avoidable hospitalization rate for gastroenteritis in minors

Pharmaceutical health care

- 73. Medicines consumption covered by the NHS
- 74. Pharmaceutical expenditure per capita covered by NHS
- 75. Pharmaceutical expenditure per ticket and copayment
- 76. Territorial consumption of antibiotics covered by the NHS

Hospital health care

- 77. Number of beds by type of activity and inpatient or day case activity
- 78. Percentage of femur fracture surgery
- 79. hospitalization for hip replacement, heart bypass surgery and coronary angioplasty

Organ transplants

- 80. Donors rate and procurement
- 81. Performed transplants
- 82. Outcome evaluation

Mortality amenable to health care services

- 83. Mortality amenable to health care services
